About This Game

Bullet Candy is a fast paced, action packed arena shooter. There are a variety of combo systems and many secret techniques that you can employ to get the best score and weapon upgrades possible. Viewed from a top-down perspective, Bullet Candy allows for a true 360° shoot-em-up experience. With all of your enemies in view at all times it's easy to see and, more importantly, shoot them into tiny little pieces.

Features:

- Bullet Candy features over 50 levels in arcade mode (150 in extend mode) and three challenging difficulty settings.
- Compete with the thousands of other players around the globe for the top spot with the in-game online high score tables!
- Tons of unlockables including Survival mode and Asteroid mode (both with their own online score boards).

- The Suicide Action allows you to kill yourself while keeping your score multipliers and bonus weapons intact.
- Collect all 20 Steam Achievements

Game should be free. Weak engine, weak visuals, weak game mechanics. There are much better alternatives.
